

**My To Do:**

**Universe To Do:**

Whether you think you can or can't  
either way you are right. Henry Ford

**My To Do:**

**Universe To Do:**

Take the first step in faith you don't have to see the  
whole staircase just take the first step. MLK Jr.

**My To Do:**

**Universe To Do:**

You create your own universe as you go along.  
Winston Churchill

**My To Do:**

**Universe To Do:**

Imagination is everything. It is the preview of life's  
coming attractions. Albert Einstein

Instructions for Use: Cut apart paper along heavy lines, so you have four small pieces of paper. Each day take time to write your personal "to do" list under "My To Do," and then write down some things you could use the universes help with under "Universe To Do." Focus on the inspirational quote for a few moments as you begin your work day. Allow the Universe to help you manifest your list. Give only your best, expect only the best.
